**EBSCO Discovery Service**

Search the **EBSCO Discovery Service** to find books, audio-visual materials & database articles for your research project or assignment.

*Search Tip:* If your results are too many, you can limit by Source Type, Publication Date, Subject, Library Location, or Database.
ONLINE DATABASES

Find magazine, newspaper, and journal articles by researching your topic using the Online Databases. The article databases are available on campus or from home through the off-campus access links.

http://epcc.libguides.com/onlinedatabases

Academic Search Complete (Ebsco) Mostly full text
Multi-disciplinary full-text database, with more than 8,500 full-text periodicals, including more than 7,300 peer-reviewed journals. The database features PDF content going back as far as 1887.

CINAHL Complete (Ebsco) Mostly full text
World’s most comprehensive source of full text for nursing & allied health journals, providing full text for more than 1,300 journals indexed in CINAHL®.

Health Reference Center – Academic (Gale) Full text
Provides access to medical and professional periodicals, health and fitness magazines, and reference books and pamphlets.

Health Source®: Nursing/Academic Edition (Ebsco) Mostly full text
Provides full text of nearly 550 scholarly full text journals in many medical disciplines. Strong coverage of nursing and allied health areas.

Health and Wellness Resource Center (Gale) Mostly full text
Provides instant access to carefully compiled and trusted medical reference materials. Includes nearly 400 health/medical journals, hundreds of pamphlets, over 700 health-related videos, and articles.

Medline (Ebsco) No full text
Created by the National Library of Medicine, MEDLINE allows users to search abstracts from over 4,800 current biomedical journals on medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences. No full text articles.

MICROMEDEX Healthcare Series (Truven Health Analytics) Full text
A wide range of clinical databases which include unbiased, referenced information about drugs, toxicology, diseases, acute care, and alternative medicine. Information includes: CareNotes™ System (patient care); Formulary Advisor™ and the PDR® Electronic Library. May be used from EPCC campuses and off-campus locations that are NOT clinical sites. Exception: If the clinical site subscribes to MICROMEDEX it may be used at that location by EPCC students, faculty and staff.

ProQuest Nursing & Allied Health Collection (ProQuest) Full text
This database offers reliable, comprehensive coverage of the fields of nursing and allied health including journals, video, dissertations, reference books and more.

Salud en Español (Ebsco) Full text
Provides comprehensive evidence-based reports and fact sheets in Spanish on all aspects of consumer health and wellness. Topic specific reports covering all aspects of health offer valuable overviews on diseases, conditions, procedures and various treatments.
