ONLINE DATABASES

Find magazine, newspaper, and journal articles by researching your topic using the Online Databases. The article databases are available on campus or from home through the off-campus access links.

<http://epcc.libguides.com/onlinedatabases>

CINAHL Complete (Ebsco)

Partial full text

Indexes over 2700 journals in nursing, 17 allied health disciplines, and alternative/complementary medicine. Full text articles are available for over 325 journals

Credo Reference (Infobase)

Full-text

Easy-to-use tool for starting research.

Films on Demand: Nursing Current Concepts (Infobase)

Full videos

Designed not only to help nursing students excel in their studies and pass licensure exams, but also to prepare them for long-term job success in an increasingly complex health care system.

Gale OneFile: Nursing & Allied Health (Gale)

Full text

Access to authoritative content including full-text titles cited in CINAHL supporting specialized care, treatment, and patient management.

Health Source: Consumer Edition (Ebsco)

Full text

Features searchable full text for nearly 300 consumer health periodicals, more than 1,000 health-related pamphlets and 135 health reference books including Stedman's Medical Dictionary.

Health Source®: Nursing/Academic Edition (Ebsco)

Partial full text

Provides full text of nearly 550 scholarly full text journals in many medical disciplines. Strong coverage of nursing and allied health areas.

Nursing Education in Video, 3rd ed. (ProQuest)

Full videos

Provides over 300 full length medical videos on subjects such as nursing, healthcare, anatomy and physiology, assessment, HIPAA, medications, phlebotomy, auscultation, infection control, feeding, pathophysiology, infection control, bloodborne infection, documentation and more.

Ovid Nursing Community College Journal Collection (Wolters Kluwer)

Full text

This database contains 42 active journal titles with Full Text to the present on all titles.

ProQuest Health Research Premium Collection (ProQuest)

Full text

Serves a wide range of users with a broad collection of journals, evidence-based resources, and full-text dissertations, and includes the top ProQuest health and medical databases.

Salud en Español (Ebsco)

Full text

Provides comprehensive evidence-based reports and fact sheets in Spanish on all aspects of consumer health and wellness. Topic specific reports covering all aspects of health offer valuable overviews on diseases, conditions, procedures and various treatments.
